4/15/04	A99-03-039	Pacific Gas and Electric Company, to consolidate the review of PG&E's expenditures in 1997 and 1998 to enhance transmission and distribution system safety and reliability pursuant to Section 368(e) of the California Public Utilities Code.

Summary: On April 12, 2004, Brian Cherry, Director, Regulatory Relations, Pacific Gas & Electric Company (PG&E), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Cherry explained that the proposed decision (PD) is inconsistent with the substantial evidence in PG&E's rebuttal and witness testimony. Cherry stated that the expenditures reasonably enhanced PG&E's transmission and distribution system safety and reliability. Cherry stated that the PD appears to commit serious legal error by requiring PG&E to make a full showing in its initial application and refusing to consider the full evidentiary record.

Cherry discussed the proposed decision and stated that the Distribution and Generation settlements, including the attrition floors, represent a reasonable compromise of PG&E's, The Utility Reform Network's, and Aglet Consumer Alliance's litigation positions and should be approved without modification.
